11 benefit manager and pharmacists or pharmacies providing
12 prescription drug coverage for health benefit plans, no

24 by the insurer;

25 (2) deny a pharmacy or pharmacist the right to

18 (5) require a beneficiary, as a condition of payment
19 or reimbursement, to purchase pharmacy services, including
20 prescription drugs, exclusively through a mail-order
21 pharmacy or pharmacy benefit manager affiliate; or

22 (6) impose upon a beneficiary any copayment, amount of
23 reimbursement, number of days of a drug supply for which
24 reimbursement will be allowed, or any other payment,
25 restriction, limitation, or condition relating to
26 purchasing pharmacy services from any pharmacy, including

1 prescription drugs, that is more costly or more
2 restrictive than that which would be imposed upon the
3 beneficiary if such services were purchased from a
4 mail-order pharmacy, a pharmacy benefit manager affiliate,
5 or any other pharmacy that is willing to provide the same
6 services or products for the same cost and copayment as
7 any mail-order service.

8 (v) A pharmacy benefit manager or a pharmacy benefit
9 manager affiliate shall not:

10 (1) refer a covered person to a mail-order pharmacy or
11 any other pharmacy benefit manager affiliate; or

12 (2) utilize a covered person's pharmacy service data
13 collected pursuant to the provision of claims processing
14 services for the purpose referring the covered person to a
15 mail-order pharmacy or any other pharmacy benefit manager
16 affiliate.

17 (w) A pharmacy benefit manager shall not prohibit a
18 pharmacy from participating in any given network of pharmacies
19 within the State if the pharmacy is licensed by the Department
20 of Financial and Professional Regulation and willing to accept
21 the same terms and conditions that the pharmacy benefit
22 manager has established for other pharmacies participating
23 within the network that the pharmacy wishes to join.

24 (x) A pharmacy benefit manager shall not require
25 participation in additional networks for a pharmacy to enroll
26 in an individual network.

1 (y) A pharmacy benefit manager shall not charge a
2 participant or beneficiary of a pharmacy benefits plan or
3 program that the pharmacy benefit manager serves a different
4 copayment obligation or additional fee for using any pharmacy
5 within a given network of pharmacies established by the
6 pharmacy benefit manager to serve patients within the State.

7 (z) Notwithstanding any other law, when conducting a
8 pharmacy audit, an auditing entity shall:

9 (1) not conduct an on-site audit of a pharmacy at any
10 time during the first 3 business days of a month or the
11 first 2 weeks and final 2 weeks of the calendar year or
12 during a declared State or federal public health
13 emergency;

14 (2) notify the pharmacy or its contracting agent no
15 later than 30 days before the date of initial on-site
16 audit; the notification to the pharmacy or its contracting
17 agent shall be in writing and delivered either:

18 (A) by mail or common carrier, return receipt
19 requested; or

20 (B) electronically with electronic receipt
21 confirmation, addressed to the supervising pharmacist
22 of record and pharmacy corporate office, if
23 applicable, at least 30 days before the date of an
24 initial on-site audit;

25 (3) limit the audit period to 24 months after the date
26 a claim is submitted to or adjudicated by the pharmacy

1 benefit manager;

2 (4) include in the written advance notice of an
3 on-site audit the list of specific prescription numbers to
4 be included in the audit that may or may not include the
5 final 2 digits of the prescription numbers;

6 (5) use the written and verifiable records of a
7 hospital, physician, or other authorized practitioner that
8 are transmitted by any means of communication to validate
9 the pharmacy records in accordance with State and federal
10 law;

11 (6) limit the number of prescriptions audited to no
12 more than 100 randomly selected in a 12-month period and
13 no more than one on-site audit per quarter of the calendar
14 year, except in cases of fraud;

15 (7) provide the pharmacy or its contracting agent with
16 a copy of the preliminary audit report within 45 days
17 after the conclusion of the audit;

18 (8) be allowed to conduct a follow-up audit on site if
19 a remote or desk audit reveals the necessity for a review
20 of additional claims;

21 (9) accept invoice audits as validation invoices from
22 any wholesaler registered with the Department of Financial
23 and Professional Regulation from which the pharmacy has
24 purchased prescription drugs or, in the case of durable
25 medical equipment or sickroom supplies, invoices from an
26 authorized distributor other than a wholesaler;

1 (10) provide the pharmacy or its contracting agent
2 with the ability to provide documentation to address a
3 discrepancy or audit finding if the documentation is
4 received by the pharmacy benefit manager no later than the
5 45th day after the preliminary audit report was provided
6 to the pharmacy or its contracting agent; the pharmacy
7 benefit manager shall consider a reasonable request from
8 the pharmacy for an extension of time to submit
9 documentation to address or correct any findings in the
10 report;

11 (11) be required to provide the pharmacy or its
12 contracting agent with the final audit report no later
13 than 60 days after the initial audit report was provided
14 to the pharmacy or its contracting agent;

15 (12) conduct the audit in consultation with a
16 pharmacist if the audit involves clinical or professional
17 judgment;

18 (13) not chargeback, recoup, or collect penalties from
19 a pharmacy until the time period to file an appeal of the
20 final pharmacy audit report has passed or the appeals
21 process has been exhausted, whichever is later, unless the
22 identified discrepancy is expected to exceed \$25,000, in
23 which case the auditing entity may withhold future
24 payments in excess of that amount until the final
25 resolution of the audit;

26 (14) not compensate the employee or contractor

1 conducting the audit based on a percentage of the amount
2 claimed or recouped pursuant to the audit;

3 (15) not use extrapolation to calculate penalties or
4 amounts to be charged back or recouped unless otherwise
5 required by federal law or regulation; any amount to be
6 charged back or recouped due to overpayment may not exceed
7 the amount the pharmacy was overpaid;

8 (16) not include dispensing fees in the calculation of
9 overpayments unless a prescription is considered a
10 misfill; or

11 (17) conduct a pharmacy audit under the same standards
12 and parameters as conducted for other similarly situated
13 pharmacies audited by the auditing entity.

14 (aa) Except as otherwise provided by State or federal law,
15 an auditing entity conducting a pharmacy audit may have access
16 to a pharmacy's previous audit report only if the report was
17 prepared by that auditing entity.

18 (bb) Information collected during a pharmacy audit shall
19 be confidential by law, except that the auditing entity
20 conducting the pharmacy audit may share the information with
21 the covered entity for which a pharmacy audit is being
22 conducted and with any regulatory agencies and law enforcement
23 agencies as required by law.

24 (cc) A pharmacy may not be subject to a chargeback or
25 recoupment for a clerical or recordkeeping error in a required
26 document or record, including a typographical error or

1 computer error, unless the error resulted in overpayment to
2 the pharmacy.

3 (dd) A pharmacy shall have the right to file a written
4 appeal of a preliminary and final pharmacy audit report in
5 accordance with the procedures established by the entity
6 conducting the pharmacy audit.

7 (ee) No interest shall accrue for any party during the
8 audit period, beginning with the notice of the pharmacy audit
9 and ending with the conclusion of the appeals process.

10 (ff) A contract between a pharmacy or pharmacist and a
11 pharmacy benefit manager must contain a provision allowing,
12 during the course of a pharmacy audit conducted by or on behalf
13 of a pharmacy benefit manager, a pharmacy or pharmacist to
14 withdraw and resubmit a claim within 30 days after:

15 (1) the preliminary written audit report is delivered
16 if the pharmacy or pharmacist does not request an internal
17 appeal; or

18 (2) the conclusion of the internal audit appeals
19 process if the pharmacy or pharmacist requests an internal
20 audit appeal.

21 (gg) To the extent that an audit results in the
22 identification of any clerical or recordkeeping errors, such
23 as typographical errors, scrivener's errors, or computer
24 errors, in a required document or record, the pharmacy shall
25 not be subject to recoupment of funds by the pharmacy benefit
26 manager unless the pharmacy benefit manager can provide proof

1 of intent to commit fraud or such error results in actual
2 financial harm to the pharmacy benefit manager, a health plan
3 managed by the pharmacy benefit manager, or a consumer.

4 (hh) Any claim that was retroactively denied for a
5 clerical error, typographical error, scrivener's error, or
6 computer error shall be paid if the prescription was properly
7 and correctly dispensed, unless a pattern of such errors
8 exists, fraudulent billing is alleged, or the error results in
9 actual financial loss to the entity. As used in this
10 subsection, "clerical error" means an error that does not
11 result in actual financial harm to the covered entity or
12 consumer and does not include the dispensing of an incorrect
13 dose, amount, or type of medication or dispensing a
14 prescription drug to the wrong person.

15 (ii) For any claim that meets the definition of a clean
16 claim or is deemed to not have violated the terms of the
17 contract or the practice of pharmacy as described under the
18 Pharmacy Practice Act, the pharmacy benefit manager shall pay
19 the pharmacy 5% of the total claim amount to cover audit
20 preparation costs and time taken away from pharmacy staff in
21 providing patient care.

22 (jj) This Section shall not apply to:

23 (1) audits in which suspected fraudulent activity or
24 other intentional or willful misrepresentation is
25 evidenced by a physical review, review of claims data or
26 statements, or other investigative methods;

1 (2) audits of claims paid for by federally funded
2 programs; or

3 (3) concurrent reviews or desk audits that occur
4 within 3 business days after transmission of a claim and
5 where no chargeback or recoupment is demanded.

6 (kk) A violation of this Section shall be an unfair and
7 deceptive act or practice under Section 424 and under the
8 Consumer Fraud and Deceptive Business Practices Act. The
9 Department may issue monetary fines upon the pharmacy benefit
10 manager for violations of this Section and may place a
11 pharmacy benefit manager registration on probation,
12 suspension, or revocation.

13 (ll) A pharmacy benefit manager shall provide:

14 (1) a reasonably adequate and accessible pharmacy
15 benefit manager network for the provision of prescription
16 drugs for a health benefit plan that shall provide for
17 convenient patient access to pharmacies within a
18 reasonable distance from a patient's residence; and

19 (2) a pharmacy benefit manager network adequacy report
20 describing the pharmacy benefit manager network and the
21 pharmacy benefit manager network's accessibility in this
22 State in the time and manner required by rule issued by the
23 Department.

24 A mail-order pharmacy shall not be included in the
25 calculations determining pharmacy benefit manager network
26 adequacy.

1 (mm) A pharmacy benefit manager shall report to the
2 Director on a quarterly basis for each health care insurer the
3 following information:

4 (1) the aggregate amount of rebates received by the
5 pharmacy benefit manager;

6 (2) the aggregate amount of rebates distributed to the
7 appropriate health care insurer;

8 (3) the aggregate amount of rebates passed on to the
9 enrollees of each health care insurer at the point of sale
10 that reduced the enrollees' applicable deductible,
11 copayment, coinsurance, or other cost-sharing amount;

12 (4) the individual and aggregate amount paid by the
13 health care insurer to the pharmacy benefit manager for
14 pharmacist services itemized by pharmacy, by product, and
15 by goods and services; and

16 (5) the individual and aggregate amount a pharmacy
17 benefit manager paid for pharmacist services itemized by
18 pharmacy, by product, and by goods and services.

19 The report made to the Department required under this
20 subsection is confidential and not subject to disclosure under
21 the Freedom of Information Act.

22 (nn) A pharmacy benefit manager is prohibited from
23 conducting spread pricing in this State.

24 (oo) A pharmacy benefit manager shall comply with the
25 following retail pharmacy network access standards:

26 (1) at least 90% of covered individuals residing in an

1 urban service area live within 2 miles of a retail
2 pharmacy participating in the pharmacy benefit manager's
3 retail pharmacy network;

4 (2) at least 90% of covered individuals residing in an
5 urban service area live within 5 miles of a retail
6 pharmacy designated as a preferred participating pharmacy
7 in the pharmacy benefit manager's retail pharmacy network;

8 (3) at least 90% of covered individuals residing in a
9 suburban service area live within 5 miles of a retail
10 pharmacy participating in the pharmacy benefit manager's
11 retail pharmacy network;

12 (4) at least 90% of covered individuals residing in a
13 suburban service area live within 7 miles of a retail
14 pharmacy designated as a preferred participating pharmacy
15 in the pharmacy benefit manager's retail pharmacy network;

16 (5) at least 70% of covered individuals residing in a
17 rural service area live within 15 miles of a retail
18 pharmacy participating in the pharmacy benefit manager's
19 retail pharmacy network; and

20 (6) at least 70% of covered individuals residing in a
21 rural service area live within 18 miles of a retail
22 pharmacy designated as a preferred participating pharmacy
23 in the pharmacy benefit manager's retail pharmacy network.

24 Mail-order pharmacies shall not be used to meet access
25 standards for retail pharmacy networks.

26 (pp) Pharmacy benefit managers shall not require patients

1 to use pharmacies that are directly or indirectly owned by the
2 pharmacy benefit manager, including all regular prescriptions,
3 refills, or specialty drugs regardless of day supply.

4 (qq) Pharmacy benefit managers shall not in any manner on
5 any material, including, but not limited to, mail and
6 identifications cards, include the name of any pharmacy,
7 hospital, or other providers unless it specifically lists all
8 pharmacies, hospitals, and providers participating in the
9 preferred and nonpreferred pharmacy and health networks.

10 (rr) A pharmacy licensed in or holding a nonresident
11 pharmacy permit in Illinois shall be prohibited from:

12 (1) transferring or sharing records relative to
13 prescription information containing patient identifiable
14 and prescriber identifiable data to or from an affiliate
15 for any commercial purpose; however, nothing shall be
16 construed to prohibit the exchange of prescription
17 information between a pharmacy and its affiliate for the
18 limited purposes of pharmacy reimbursement, formulary
19 compliance, pharmacy care, public health activities
20 otherwise authorized by law, or utilization review by a
21 health care provider; or

22 (2) presenting a claim for payment to any individual,
23 third-party payer, affiliate, or other entity for a
24 service furnished pursuant to a referral from an affiliate
25 or other person licensed under this Article.

26 (ss) If a pharmacy licensed or holding a nonresident

1 pharmacy permit in this State has an affiliate, it shall
2 annually file with the Department a disclosure statement
3 identifying all such affiliates.

4 (tt) This Section shall not be construed to prohibit a
5 pharmacy from entering into an agreement with an affiliate to
6 provide pharmacy care to patients if the pharmacy does not
7 receive referrals in violation of subsection (rr) and the
8 pharmacy provides the disclosure statement required in
9 subsection (ss).

10 (uu) In addition to any other remedy provided by law, a
11 violation of this Section by a pharmacy shall be grounds for
12 disciplinary action by the Department.

13 (vv) A pharmacist who fills a prescription that violates
14 subsection (rr) shall not be liable under this Section.

15 (ww) This Section shall not apply to:

16 (1) any hospital or related institution; or

17 (2) any referrals by an affiliate for pharmacy
18 services and prescriptions to patients in skilled nursing
19 facilities, intermediate care facilities, continuing care
20 retirement communities, home health agencies, or hospices.

21 (xx) A pharmacy benefit manager or health benefit plans is
22 prohibited from transferring and sharing patient information
23 with pharmacy benefit manager affiliates for purposes of
24 steering or referring a patient toward using a specific
25 pharmacy.

26 (yy) ~~(f)~~ This Section applies to contracts entered into or

1 renewed on or after July 1, 2020.

2 (zz) ~~(g)~~ This Section applies to any group or individual

4 that provides coverage for prescription drugs and that is
5 amended, delivered, issued, or renewed on or after July 1,
6 2020.

8 (215 ILCS 5/513b1.1 new)

10 (a) This Article applies to a contract or health benefit
11 plan issued, renewed, recredentialed, amended, or extended on
12 or after the effective date of this amendatory Act of the 102nd
13 General Assembly, including any health carrier that performs
14 claims processing or other prescription drug or device
15 services through a third party.

16 (b) As a condition of licensure, any contract in existence
17 on the date the pharmacy benefit manager receives its license
18 to do business in this State shall comply with the
19 requirements of this Article.

20 (c) Nothing in this Article is intended or shall be
21 construed to conflict with existing federal law.

22 (215 ILCS 5/513b1.3 new)

23 Sec. 513b1.3. Fiduciary responsibility. A pharmacy benefit
24 manager is a fiduciary to a health carrier and shall:

1 (1) discharge that duty in accordance with federal and
2 State law;

3 (2) notify the covered entity in writing of any
4 activity, policy, or practice of the pharmacy benefit
5 manager that directly or indirectly presents any conflict
6 of interest and inability to comply with the duties
7 imposed by this Section, but in no event does this
8 notification exempt the pharmacy benefit manager from
9 compliance with all other Sections of this Code; and

10 (3) disclose all direct or indirect payments related
11 to the dispensation of prescription drugs or classes or
12 brands of drugs to the covered entity.

13 Section 10. The Illinois Public Aid Code is amended by
14 changing Sections 5-5.12 and 5-36 as follows:

15 (305 ILCS 5/5-5.12) (from Ch. 23, par. 5-5.12)

16 Sec. 5-5.12. Pharmacy payments.

17 (a) Every request submitted by a pharmacy for
18 reimbursement under this Article for prescription drugs
19 provided to a recipient of aid under this Article shall
20 include the name of the prescriber or an acceptable
21 identification number as established by the Department of
22 Healthcare and Family Services.

23 (b) Pharmacies providing prescription drugs under this
24 Article shall be reimbursed at a rate which shall include a

1 professional dispensing fee as determined by the Illinois
2 Department of Healthcare and Family Services, plus the current
3 acquisition cost of the prescription drug dispensed. The
4 Illinois Department of Healthcare and Family Services shall
5 update its information on the acquisition costs of all
6 prescription drugs no less frequently than every 30 days. The
7 Department of Healthcare and Family Services shall not
8 reimburse a pharmacy or pharmacist in this State an amount
9 less than the current national average drug acquisition cost
10 listing for the pharmaceutical product. ~~However, the Illinois~~
11 ~~Department may set the rate of reimbursement for the~~
12 ~~acquisition cost, by rule, at a percentage of the current~~
13 ~~average wholesale acquisition cost.~~

14 (b-5) The Department of Healthcare and Family Services
15 shall pay a pharmacy or pharmacist a professional dispensing
16 fee at a rate not less than the amount determined by a pharmacy
17 profession-recognized national or state survey of pharmacies
18 for each prescription pharmaceutical product that is dispensed
19 (on a per unit basis based on the same generic product
20 identifier or generic code number) to the patient by the
21 pharmacy. This dispensing fee shall be in addition to the
22 amount that the Department of Healthcare and Family Services
23 reimburses a pharmacy for the cost of the pharmaceutical
24 product that the pharmacy dispenses to the patient. If a
25 vendor is utilized for conducting the survey or data analysis,
26 the vendor may not be a wholly or partially owned or controlled

1 subsidiary of a pharmacy benefit manager or managed care
2 organization.

3 (b-10) All Medicaid managed care organizations must
4 reimburse pharmacy provider professional dispensing fees and
5 acquisition costs at no less than the amounts established
6 under the fee-for-service program whether the Medicaid managed
7 care organization directly reimburses pharmacy providers or
8 contracts with a pharmacy benefit manager to reimburse
9 pharmacy providers. The reimbursement requirement specified in
10 this subsection applies to all pharmacy services for persons
11 receiving benefits under this Code, including services
12 reimbursed under Section 5-36.

13 (c) (Blank).

14 (d) The Department shall review utilization of narcotic
15 medications in the medical assistance program and impose
16 utilization controls that protect against abuse.

17 (e) When making determinations as to which drugs shall be
18 on a prior approval list, the Department shall include as part
19 of the analysis for this determination, the degree to which a
20 drug may affect individuals in different ways based on factors
21 including the gender of the person taking the medication.

22 (f) The Department shall cooperate with the Department of
23 Public Health and the Department of Human Services Division of
24 Mental Health in identifying psychotropic medications that,
25 when given in a particular form, manner, duration, or
26 frequency (including "as needed") in a dosage, or in

1 conjunction with other psychotropic medications to a nursing
2 home resident or to a resident of a facility licensed under the
3 ID/DD Community Care Act or the MC/DD Act, may constitute a
4 chemical restraint or an "unnecessary drug" as defined by the
5 Nursing Home Care Act or Titles XVIII and XIX of the Social
6 Security Act and the implementing rules and regulations. The
7 Department shall require prior approval for any such
8 medication prescribed for a nursing home resident or to a
9 resident of a facility licensed under the ID/DD Community Care
10 Act or the MC/DD Act, that appears to be a chemical restraint
11 or an unnecessary drug. The Department shall consult with the
12 Department of Human Services Division of Mental Health in
13 developing a protocol and criteria for deciding whether to
14 grant such prior approval.

15 (g) The Department may by rule provide for reimbursement
16 of the dispensing of a 90-day supply of a generic or brand
17 name, non-narcotic maintenance medication in circumstances
18 where it is cost effective.

19 (g-5) On and after July 1, 2012, the Department may
20 require the dispensing of drugs to nursing home residents be
21 in a 7-day supply or other amount less than a 31-day supply.
22 The Department shall pay only one dispensing fee per 31-day
23 supply.

24 (h) Effective July 1, 2011, the Department shall
25 discontinue coverage of select over-the-counter drugs,
26 including analgesics and cough and cold and allergy

1 medications.

2 (h-5) On and after July 1, 2012, the Department shall
3 impose utilization controls, including, but not limited to,
4 prior approval on specialty drugs, oncolytic drugs, drugs for
5 the treatment of HIV or AIDS, immunosuppressant drugs, and
6 biological products in order to maximize savings on these
7 drugs. The Department may adjust payment methodologies for
8 non-pharmacy billed drugs in order to incentivize the
9 selection of lower-cost drugs. For drugs for the treatment of
10 AIDS, the Department shall take into consideration the
11 potential for non-adherence by certain populations, and shall
12 develop protocols with organizations or providers primarily
13 serving those with HIV/AIDS, as long as such measures intend
14 to maintain cost neutrality with other utilization management
15 controls such as prior approval. For hemophilia, the
16 Department shall develop a program of utilization review and
17 control which may include, in the discretion of the
18 Department, prior approvals. The Department may impose special
19 standards on providers that dispense blood factors which shall
20 include, in the discretion of the Department, staff training
21 and education; patient outreach and education; case
22 management; in-home patient assessments; assay management;
23 maintenance of stock; emergency dispensing timeframes; data
24 collection and reporting; dispensing of supplies related to
25 blood factor infusions; cold chain management and packaging
26 practices; care coordination; product recalls; and emergency

1 clinical consultation. The Department may require patients to
2 receive a comprehensive examination annually at an appropriate
3 provider in order to be eligible to continue to receive blood
4 factor.

5 (i) On and after July 1, 2012, the Department shall reduce
6 any rate of reimbursement for services or other payments or
7 alter any methodologies authorized by this Code to reduce any
8 rate of reimbursement for services or other payments in
9 accordance with Section 5-5e.

10 (j) On and after July 1, 2012, the Department shall impose
11 limitations on prescription drugs such that the Department
12 shall not provide reimbursement for more than 4 prescriptions,
13 including 3 brand name prescriptions, for distinct drugs in a
14 30-day period, unless prior approval is received for all
15 prescriptions in excess of the 4-prescription limit. Drugs in
16 the following therapeutic classes shall not be subject to
17 prior approval as a result of the 4-prescription limit:
18 immunosuppressant drugs, oncolytic drugs, anti-retroviral
19 drugs, and, on or after July 1, 2014, antipsychotic drugs. On
20 or after July 1, 2014, the Department may exempt children with
21 complex medical needs enrolled in a care coordination entity
22 contracted with the Department to solely coordinate care for
23 such children, if the Department determines that the entity
24 has a comprehensive drug reconciliation program.

25 (k) No medication therapy management program implemented
26 by the Department shall be contrary to the provisions of the

1 Pharmacy Practice Act.

2 (1) Any provider enrolled with the Department that bills
3 the Department for outpatient drugs and is eligible to enroll
4 in the federal Drug Pricing Program under Section 340B of the
5 federal Public Health Service ~~Services~~ Act shall enroll in
6 that program. No entity participating in the federal Drug
7 Pricing Program under Section 340B of the federal Public
8 Health Service ~~Services~~ Act may exclude Medicaid from their
9 participation in that program, although the Department may
10 exclude entities defined in Section 1905(1)(2)(B) of the
11 Social Security Act from this requirement.

14 (305 ILCS 5/5-36)

15 Sec. 5-36. Pharmacy benefits.

16 (a)(1) The Department may enter into a contract with a
17 third party on a fee-for-service reimbursement model for the
18 purpose of administering pharmacy benefits as provided in this
19 Section for members not enrolled in a Medicaid managed care
20 organization; however, these services shall be approved by the
21 Department. The Department shall ensure coordination of care
22 between the third-party administrator and managed care
23 organizations as a consideration in any contracts established
24 in accordance with this Section. Any managed care techniques,
25 principles, or administration of benefits utilized in

1 accordance with this subsection shall comply with State law.

2 (2) The following shall apply to contracts between
3 entities contracting relating to the Department's third-party
4 administrators and pharmacies:

5 (A) the Department shall approve any contract between
6 a third-party administrator and a pharmacy;

7 (B) the Department's third-party administrator shall
8 not change the terms of a contract between a third-party
9 administrator and a pharmacy without written approval by
10 the Department; and

11 (C) the Department's third-party administrator shall
12 not create, modify, implement, or indirectly establish any
13 fee on a pharmacy, pharmacist, or a recipient of medical
14 assistance without written approval by the Department.

15 (b) The provisions of this Section shall not apply to
16 outpatient pharmacy services provided by a health care
17 facility registered as a covered entity pursuant to 42 U.S.C.
18 256b or any pharmacy owned by or contracted with the covered
19 entity. A Medicaid managed care organization shall, either
20 directly or through a pharmacy benefit manager, administer and
21 reimburse outpatient pharmacy claims submitted by a health
22 care facility registered as a covered entity pursuant to 42
23 U.S.C. 256b, its owned pharmacies, and contracted pharmacies
24 in accordance with the contractual agreements the Medicaid
25 managed care organization or its pharmacy benefit manager has
26 with such facilities and pharmacies. Any pharmacy benefit

1 manager that contracts with a Medicaid managed care
2 organization to administer and reimburse pharmacy claims as
